## **Configuração da rede sem fios eduroam em Windows 10**

1º Passo: Clique no ícone da rede sem fios, na barra de tarefas. Clique na rede "tecnico-guest" para se ligar.

**2º Passo:** Depois de estar ligado à rede **"tecnico-guest",** abra o browser e aceda ao seguinte endereço para fazer download do certificado: <u>http://dsi.tecnico.ulisboa.pt/configuracoes/istca-installer.exe</u>

**3º Passo:** Quando terminar a transferência, clique no instalador. Na janela de verficação do *Windows SmartScreen*, clique na opção **"Run"**.

4º Passo: No programa instalador do Certificado do Instituto Superior Técnico, escolha "Start".

| ŧ      | IST Root Certificate Installer   | ×    |
|--------|--|------|
| d<br>a | INSTITUTO SUPERIOR TÉCNICO<br>Universidade Técnica de Lisboa   |      |
|        | This application will install the IST root certificate authority.<br>This certificate will help to safer identify the requestors of<br>your IST credentials, besides other services. |      |
|        | More Info  | Exit |

**5º Passo:** Clique em **"OK"** quando aparecer a mensagem de confirmação de instalação.

**6° Passo:** Abra de novo o menu das redes sem fios disponíveis. Escolha a rede **"eduroam"** e clique em **"Connect"**.
